The Art and Science of Great Photography

June 28 – July 1st

Ages: 11-15-year-old

Time: 9:00am - 4:00pm

Fees: \$170.00 per child (members—can be a member at the Nic or The Science Zone) and \$250.00 per child (not-yet-members). **Please register at The Science Zone.** Drop off at the Nic, pick up at The Science Zone.

Smartphone or tablet is required for this camp.

Camp Description: Cell Phone in class? No problem! Use your Smartphone to explore the art and science of photography in a fun and exciting way! Learn important rules of taking great pictures and discover new ways of looking at images with Clint Saunders, an artist, and professional photographer. Employ gadgets, apps and photo hacks to make one-of-a-kind photos! Learn how to apply the science of optics to produce captivating photos. Discover the functions you never knew your Smartphone has while learning a variety of technical and artistic approaches. Explore the history and science of photography by building your own pinhole camera.

Adventures in 3-D Art

July 5 - 9

Ages: 7-12-year-old

Time: 9:00am - 4:00pm

Fees: \$185.00 per child (members) and \$250.00 per child (not-yet-members). **Please register at the Nic.**

Camp description: Dive into an exciting world of 3-dimensional art and imaginative art projects. We will use both traditional and unexpected materials and explore different ways to create 3-D art. We will work with the air dry and polymer clay, wire, fibers, paint, paper, and more in this multi-media camp. Students will design and create emoji art, clay creatures, 3-D food art, dinosaur wire sculptures, relief fossil necklaces, and more!

Mural and Street Art

July 19 – 23

Ages: 11-15-year-old

Time: 9:00am-12:00pm

Fees: \$140.00 per child (members) and \$180.00 per child (not-yet-members). **Please register at the Nic.**

Camp description: Review the history and rules of graffiti with local street artist Rugie while discovering your personal styles of expression. Experiment with various techniques such as stenciling and tagging and develop control while painting with spray paint. Students will design and create a large-scale graffiti mural! Special thanks to Chris Ruegsegger for sharing his time, inspiration, and expertise with us!

More camps on the back!

Cartoons. Comics. Characters

July 19 – 23

Ages: 11-15-year-old

Time: 1:00pm - 4:00pm

Fees: \$120.00 per child (members) and \$160.00 per child (not-yet-members). **Please register at the Nic.**

Camp description: Venture into an exciting realm of illustration and character development. Learn the basics of figure drawing, practice manga techniques, and master cartooning while exploring the connections between art, storytelling, and illustration. Create original characters as you learn anatomy, proportion, color, and value through drawing, painting, collage, and other media.

The Mysteries and Wonders of Nature

August 2-6

Ages: 7-9-year-old and 10-14-year-old

Time: 9:00am - 4:00pm

Fees: \$200.00 per child (members—can be a member at the Nic or The Science Zone) and \$275.00 per child (not-yet-members). **Please register at The Science Zone.** Drop off 7-9 year old at the Nic, 10-14 year old at The Science Zone.

Camp description: Discover the wonders and mysteries of nature with our fun outdoor art and science camp! Explore ecological niches of Wyoming wildlife, investigate the chemistry of plant pigments, and put your head into the clouds with atmospheric science. Explore how artists see nature and create your own nature-inspired art. Paint with natural pigments and mud, make nature prints, create drawings, paintings, and clay art inspired by bugs, birds, wild weather, and more.

Creatures and Monsters

August 9-13

Ages: 7-12-year-old

Time: 9:00am - 12:00pm

Fees: \$120.00 per child (members) and \$160.00 per child (not-yet-members). **Please register at the Nic.**

Camp description: What kind of creatures do you know? Are they mean monsters or beautiful beings? Examine creatures from stories, movies, and art, including unicorns, monsters, dragons, and aliens! Let your imagination fly as you create art inspired by magical, mysterious, and horrifying beings using various media, including polymer clay, acrylic, and watercolor paint, collage, printmaking, and more.

Messy. Mad. Marvelous: Famous Artists Camp

August 9-13

Ages: 7-12-year-old

Time: 1:00pm - 4:00pm

Fees: \$120.00 per child (members) and \$160.00 per child (not-yet-members). **Please register at the Nic.**

Camp description: Want to get messy and widely creative? This camp is for you! Discover the mesmerizing world of famous artists and learn about their art, creative process, and quirky personalities. We will playfully approach art history as we create art inspired by Michelangelo, Vincent van Gogh, Andy Warhol, Jackson Pollock, Salvador Dalí, and other extraordinary and madly marvelous artists. The projects will include printmaking, traditional and splatter painting, mixed media, and much more.
